

Connetquot River - Rattlesnake Brook

Connetquot River, Rattlesnake Brook

This is the eastern tributary of the Connetquot River. One observation site is at the DEC fishing site. There are steps from the parking lot on the left that lead to the rivers edge, or volunteers can stand on the small bridge pictured on the right. The parking area can be accessed from the Sunrise Highway Service Road. Another site is the bridge along Biltmore Avenue which Rattlesnake Brook passes under.
